

Strangeloop Coffee

ROASTED IN LOOPS, POURED WITH INTENT

Coffee this fresh has a deadline.

01 / Small Batches, Fresh Delivery

We roast Tuesdays and Fridays on our 15kg Loring Smart Roast, delivering to our Pacific NW partners within 48 hours. Your customers will never drink coffee older than 10 days off roast.

02 / Direct Farms & Transparency

We build direct relationships with nine select farm partners in Ethiopia, Colombia, and Guatemala. Our FOB prices are published openly every year because trust is built on open books.

03 / Complete Barista Support

Every wholesale partnership includes zero minimum orders for the first three months, twice-quarterly on-site barista training, and custom seasonal menu consulting to keep your coffee program thriving.
